# Eagle River Snofari report.

24 people total went and we had 30" of snow on the ground with temperatures of 0 deg. F to 18 deg. F for the weekend. Trails were in very good condition and destinations included - Rhinelander, Lake Tomahawk, Boulder Junction and Phelps, to name a few.

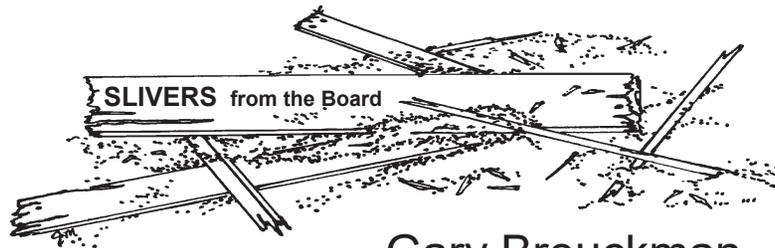

Again a thank you to Ron Wendt and Ed Pollich for their hospitality at the end of each day to talk about the days adventures we had and to plan new ones for the next day.

Jeff Pietrzak

## Mole Lake Snofari 2019

Thursday Feb. 21st-Sunday 24th.

### Gary Breuckman

In January we held our Snowmobile Safety class at the Menomonee Falls Community Center. We had a total of 18 students, along with adults who chose to sit in on the class with their students. We had a hard time with this class, the third session was cancelled twice due to the weather. We can't hold the class if the building is closed, first due to snow and the next week due to the cold. We tried to find another location, but the ones we asked (library, the bowling alley) were closing also. We had three students we took care of the test outside of class, but eventually everyone was able to finish.

The February club meeting was interesting as the SnoBirds were 51 years old, and a number of special guests were invited. There are pictures in this issue.

Some snofari trips were cancelled, but others were held as scheduled. Two are in this issue, along with some pictures of Eagle River thanks to Jeff.

Plans are underway for the Smelt Fry. Tickets are available for members at the March meeting, and will be mailed to you if you aren't able to attend. If you need more tickets, please call me (414-442-4279) and I'll mail additional to you, or ask at the April meeting. As you know, we lost the location we have used for years for the smelt cleaning - the property we had been using was sold, so is not available. We had two alternatives in mind, and decided on a third - the cleaning will be at the School, the Smelt Fry location. Not only can it all be inside, but the smelt can stay there for the next day. If you need additional copies of the Smelt poster, they can be had at the

I'm happy to report that another Mole Lake Snofari has occurred and was very successful and fun, due to the efforts of the members and their guests.

Some Snobirds arrived Thursday Feb. 21, but most arrived Friday. There had been a lot of snowfall thruout Central and Northern Wisconsin, which spread snowmobilers out, and made the trails more enjoyable due to reduced traffic and better trail conditions. Groups of Snobirds were led by Brad Lambrecht, Tom McLaughlin, Tom Pollich, Jeff Pietrzak, Dan Quicker, Steve Schuh and Joe Schumitsch. A few people were not able to ride sleds, but enjoyed the comradery and friendship nonetheless.

Ron Wendt did his usual outstanding job preparing the beverages in the hospitality suite Friday and Saturday night. He received assistance with food and snacks from the Standlee family and the Pietrzak crew. Many others brought in treats to share including a brownie recipe that Heather brought from California.

I thank all participants for their good spirit of fun and cooperation, and salute the endurance of some whose company we enjoyed to the very end of the night (and they helped clean the place up!)

Dave Rowley

meetings, or if you go to the website and click on the poster on the main page, you will get a pdf file with both the single and 4-per-page versions which you can print yourself.

Thanks to everyone for helping with the Smelt Fry - it's our fundraiser for the year, PLUS it's our 50th Annual Smelt Fry this year, so please help with tickets, help the night of the cleaning and fry, and come have a great time with fellow club members.

# SnoBirds 51st Birthday

The regular meeting in February was the 51st birthday of the SnoBirds. We had a special meeting that night, with guests invited from the State and County governments, the AWSC, WCSA, and others to help us celebrate this special occasion.

Most of the artifacts shown were found after an exhaustive clean-up of our storage locker.
